## **Public Involvement Meeting Notice Harrison Avenue Improvement Project**

**July 16, 2009**

The City of Cincinnati, Department of Transportation and Engineering invites you to attend an Open House which will provide the public an opportunity to provide comments regarding recommended improvements at targeted locations on Harrison Avenue through South Fairmont and Westwood. The proposed improvements are intended to improve safety along Harrison Avenue in this area. The recommendations are based upon community input to alternatives presented at an Open House in November 2008. The recommended improvements include adding sidewalks, improving the curvature of the roadway, standardizing lane widths, adding left turn lanes, as well as improving pavement markings and signal operations.

Project information and preliminary plans for the recommended improvements will be on display for review and comment. Project team representatives will be available at the meeting to answer your questions and take comments.

The preliminary plans can also be viewed and comments can be submitted at the City of Cincinnati project web site <http://www.cincinnati-oh.gov/noncms/transeng/harrison/>

Your input plays an important and a critical role in evaluating and finalizing the recommended improvements. So please attend or visit the website.

**Public Involvement Meeting Date: Thursday July 16, 2009**

**Time: 5 p.m. – 7 p.m.**

**Location: Midway Elementary School, 3156 Glenmore Avenue**

**Format: Open House with opportunities for questions and answers**
